PLANS WERE DEFERRED.

Report That Hurley Had Picked Thursday For Time of Awful Crime.

It was recalled Monday that Ambrose Hurley had visited the city hall last Thursday morning, on two different occasions, inquiring especially if the city council was to meet, which gave rise to the story that in all probability he had picked Thursday as the day for committing his awful crime, instead of Saturday. The only reason that there was no council meeting on Thursday was because Mayor Davis was in Springfield and had not returned as was expected.

It was also stated Monday that Hurley had called up the residence of Commissioner Newman once on Thursday and once on Friday, in an effort to locate him, Mr. Newman being in Chicago. It is known that Hurley on several occasions had visited Mr. Newman in order to push his claims for street commissioner.

LEADERS AT LARGE.

Havana, May 27.—Up to nearly midnight the government continued to be without receipt of news from the insurgents, except in Santa Clara province, where the remnants of the band of Armenteros and Pacheco surrendered. The two leaders are still at large.

ITALIAN SHOT.

Chicago, May 27.—An Italian, believed to be Anthony Campanella, was shot and killed while walking on the street early this morning. The police believe he was attacked because of his knowing demands for money.

EVACUATE TOWN.

Chihuahua, Mex., May 27.—The little garrison of Jimenez evacuated the town to day, burning the bridge at the Rio Florida. The federal military trains have therefore been stopped several days. The rebels also destroyed other bridges.

The advance guard of the insurgents is gathered at Santa Rosalia, 50 miles south of here. General Orozco spent only a few hours here, returning to Bachimban to complete his petitions for a mobilization of troops for the next big battle.

SOON TO VOTE ON BILL.

Washington, May 27.—Only a speech by Senator Heyburn of Idaho and conclusion of a speech of Senator Cummins of Iowa to night stand in the way of a vote on the iron and steel tariff bill in the senate and action is expected tomorrow. To expedite business the senate agreed to convene tomorrow at 11 o'clock, an hour earlier than usual.

Senator Cummins to day replied to speeches of Senators Smoot and Oliver. From the standpoint of a protectionist, he contended that the metal is susceptible of material reduction. He charged regular Republican senators with the intention of absenting themselves during the balloting on the bill.

MEMORIAL SERVICE AT MURRAYVILLE

Rev. J. A. Biddle Delivers Strong Sermon to Old Soldiers—Other Exercises on Decoration Day.

The memorial services of the M. E. church at Murrayville were held Sunday in the Presbyterian church and was attended by a large gathering.

Rev. J. A. Biddle preached a forceful sermon from the text, Neh. 6:11 "Should such a man as I be?"

The minister pointed out that a man who exalts the principles that Nehemiah stands for, has no reason for fleeing.

"Patriotism and religion," he said, continuing "stand on the same base. All the great battles of the world were fought for religious principles, and every great leader, both in battle and in political life, had religious principles for which they lived."

Washington offered prayer before going into battle and Lincoln was a man of prayer.

Rev. Mr. Biddle used many illustrations in the presentation of his theme and while extolling the bravery of those who marched to the front willing to give up their lives for country, he did not refrain from paying a splendid tribute to the sacrifices of mothers and wives, who remained at home. The members of the G. A. R. attended in a body and special music for the service was furnished by the church choir.

At the regular memorial service at Murrayville on Thursday, Rev. H. S. Alkire, pastor of Brooklyn M. E. church will deliver the address. There will also be special music.

Mr. and Mrs. M. C. Morse and daughter of Albion, Mich., are visiting at the home of Rev. and Mrs. J. A. Biddle in Murrayville. Mrs. Biddle will accompany them when they return.

CARD OF THANKS.

We wish to express our heartfelt thanks to the many friends who so kindly assisted us during the illness of our husband and father, David Wood. Also for the many beautiful flowers.

Mrs. David Wood,
And Family.

SOON TO LEAVE FOR COLORADO.

Mrs. Gilson, at whose house on East Court street Ambrose Hurley had a room, is expecting to leave soon for Colorado to reside. In fact, Mrs. Wilson and her daughter had their belongings ready to go but the double tragedy temporarily changed their plans.

It is said that Mrs. Gilson lent Hurley the money to pay for his carriage Saturday afternoon. He asked her to lend him the amount needed, but she had nothing smaller than a ten dollar bill and gave him that as he promised to bring back the change. When Hurley's clothes were searched after he had committed suicide \$8 was found in one pocket.

READY TO PAY TAXES.

W. B. Rogers, county sheriff and collector received a letter yesterday from the C. & A. stating that a draft was to be sent in a few days' time. The road's taxes amount to a little more than \$14,000.

BLUE EXONERATED.

Coroner's Jury Holds Frazier's Death Due to Natural Causes.

Lee Blue of this city, who was arrested on a warrant charging him responsible for the death of Wyeth Frazier of Springfield, was exonerated by the coroner's jury which met Monday. The physicians who conducted an autopsy testified that the cause of Frazier's death was the aged man's death, probably did not result from the beating given by Blue.

The physicians on the case were Dr. W. A. Young, Dr. Albert R. Trapp and Dr. O. H. Deichman. They were of the opinion that Frazier's death had its origin in an injury received prior to the fight.

Last Friday night Blue was arrested in Jacksonville and taken to Springfield by Sheriff Henry Mester to await the verdict of the Coroner's jury.

STUDENTS HELD

MEMORIAL SERVICE.

The remains of Harry Carlson, a student at the State School for the Deaf, who died Saturday morning, were taken to the home in Waukegan Sunday evening by his father, Peter Carlson, who arrived here Saturday night.

The regular Sunday school hour Sunday morning and the afternoon lecture hour were given over to a memorial service for the deceased student. At the morning hour several of the teachers and some of the classmates of the deceased took part in the exercises and at the lecture hour W. L. Tilton used the time to draw lessons from the life of the boy. The deceased was a model student, a good all around athlete and held a warm place in the hearts of his fellow students, who will greatly miss him.

Later Sunday afternoon the remains were placed in the hall of the main building at the school and the casket was surrounded with flowers. The remains were viewed by all of the pupils, the boys passing by first and then the girls, his classmates standing by the casket and several of the teachers and officers were present.

BURIAL OF AMBROSE HURLEY.
The remains of Ambrose Hurley were privately interred Monday morning at 11 o'clock in Jacksonville cemetery, being taken direct from Reynolds undertaking parlors to the cemetery and laid to rest without any services. The neighbors acting as bearers. Four sisters of the deceased came to the city and arranged for the burial. They were greatly grieved at the terrible death of their brother and while feeling keenly the disgrace which he had brought upon them, they were also greatly depressed by the sorrow brought into another home. Those to attend the funeral were Mrs. Dean Lockwood, Misses Dorothy and Carrie Hurley, of Rockford, and Mrs. W. R. Warner and son, Lloyd, of Springfield.

FUNERAL OF C. W. BROWN.
The funeral of the late Charles W. Brown will be held this morning at 10 o'clock from the residence on Webster avenue. The services will be in charge of Rev. H. H. Mitchell, assisted by Rev. L. H. Davis.

WILL USE OLD CANAL.

Chicago, May 27.—The old Illinois and Michigan canal which for 20 years has been little used will, beginning tomorrow, become a factor again in the Illinois transportation field. A power boat will leave Chicago with a cargo of salt consigned to Davenport, Iowa. If the trip proves a success, three boats will be placed in service and all salt cargoes will be routed through from the Michigan plants over the canal to Utica, Ill., thence by Illinois river to the Mississippi. It is designed to make more Iowa cities western distributing points.

FLAGS BIG BUSINESS.

Princeton, N. J., May 27.—Mercilessly laying big business and decrying the fact that although president after president had attempted to thwart the growth of monopoly, they were still steadily increasing. Governor Woodrow Wilson addressed an enthusiastic crowd of Princeton undergraduates from his residence tonight. Following Col. Roosevelt's address the Princeton undergraduates had a monster torchlight parade out to Gov. Wilson's residence.

REPORTED ADVERSELY.

WITHDRAWS FROM RACE.

St. Louis, May 27.—John H. Curran, former state immigration commissioner and candidate for the Democratic nomination for railroad and warehouse commissioner, to night issued a statement withdrawing from the race and also from the Democratic party. He gave as his reason, his determination to work for Roosevelt's election to the presidency.

NO INTERVENTION IN CUBA.

Washington, May 27.—The state department tonight emphatically declared that the present Cuban situation in no sense made intervention necessary. No American troops other than the marines already on their way to the island were expected to be ordered out, it was stated. In addition to this department and the administration are anxious to adhere closely to the terms of the Platt amendment under which the United States intervened in Cuba after the collapse of the Palma administration in 1906.

NOWADAYS very few of us are called on to die for our country, or for any great cause. The main thing is—Do we live for it? Sometimes it's really a greater achievement to live for a thing than to die for it.

Now, you may think this talk and this patriotic anniversary of Decoration Day has nothing to do with the clothing business. But the big idea back of this celebration is the big idea that you ought to be back of everything we do. The man who serves his community and his fellowmen by doing, as well as he can, something that that needs to be done, may be, in a true sense, "living" for his community and for his fellows.

One thing that needs to be done, is to make good clothes, and sell them fairly.

Hart Schaffner & Marx

make good clothes as well as it can be done; and we're trying to sell them in the same way. It's a service; we want to think of it, and have you think of it, as a service; a useful work.

We'll both profit by looking at it so.

The annual inter-class athletic contest of the high school was held on Illinois college field Monday morning and the honors went to the sophomore class. There was a large attendance and all the events were run off on schedule time and some of them were exciting.

JACKSONVILLE'S TRAGEDY.
Editorial from Springfield Register:

In blood red letters of murder and suicide is written the recall of Commissioner of Public Works Charles W. Brown of Jacksonville, who was murdered yesterday by Ambrose Hurley, a former city employee, who committed suicide.

The State Register, in behalf of the citizens of Springfield extends sympathy to our sister city in her official bereavement. This unspeakable crime is made all the more mysterious last night that Commissioner Brown and the man who murdered him were understood to have been friends.

Insanely seems the only comprehensible explanation of such a horrible tragedy.

ASKED TO CLOSE.
All merchants are requested to close their stores between the hours of 10 and 11 a. m., Tuesday, May 28, during the funeral ceremony over the remains of Charles W. Brown. By order of Jacksonville Business Men's association.

Only 50 Women Can Join The Hoosier Cabinet Club for \$1.00

After you study the above picture you will not wonder that women are anxious to join the Hoosier club, when by so doing they have a Hoosier Cabinet delivered to their homes on payment of only \$1.00.

Think of the hundreds of needless steps every woman you know could save by having her table, pantry and cupboard, with all her tools and supplies centered in one spot. Your energy instead of being wasted is saved and the time spent in your kitchen—the least pleasant part of your work—is reduced by one-half, the moment this famous Hoosier Cabinet comes into your home.

The Hoosier company sends its 2,000 agents a limited number of Hoosier Cabinets each year to be sold under direct supervision of the factory on the famous Hoosier Club Plan.

This year most cities received only 25 cabinets. Our urgent request secured us 50 of these cabinets for the ladies of Jacksonville.

Only 50 women, therefore, can join the club and have a Hoosier Cabinet delivered immediately on payment of \$1.00; balance in a few weekly payments of \$1.00. Many already have enrolled.

The club plan differs radically from the installment plan which often is linked with high prices and unknown goods. The low price of the Hoosier Cabinet is fixed everywhere by the factory. No Hoosier agent can sell for less or more on any terms.

So club members get a great benefit from the liberal club terms. The club probably will be filled very quickly. Those who want Hoosier Cabinets should enroll their names at once.

The hostess presented Mrs. Gay with a beautiful bouquet of carnations and Miss Robinson with a handsome book of quotations. The afternoon was most delightful in all respects.

The ceremony was said at the home of the minister on North Church street and was witnessed by Mrs. Alice Spencer, an aunt of the bride; Miss Leita Mansfield, a niece of the bride, and Miss Mabel Zeiler.

Both bride and groom are well known in the city and while it was known that they were friends, their marriage, nevertheless, will come as a great surprise to their relatives and friends. The bride resides at 609 North Main street and the groom is the son of Mrs. Martha Hall, who resides at 783 West Walnut street.

Rynders-Woods.

William I. Rynders and Miss Jessie Grasha Woods were married at 6 o'clock Monday afternoon by Squire W. T. Byer at his office on West State street. The groom is a farmer. They will reside near Franklin.

VISITED OLD MILL.

A. M. Roberts and Mr. James, a traveling salesman, spent Monday in Golden, Adams county, where they visited an old fashioned Dutch mill which is owned and operated by H. H. Emling.

This mill, typical of the ones for which Holland is noted, was built by Mr. Emling and his son some forty years ago and is still in excellent condition. All of the power for running the machinery is obtained from a large fan propelled by the wind. This fan has four large blades, each being about thirty-five feet long, making it seventy feet from tip to tip of the fan. All of the pulleys, shafting and cog wheels in the mill are made of hard wood, which has withstood the wear and tear of forty years in a remarkable manner. The mill being running full capacity when visited by Mr. Roberts and Mr. James Monday. The fan is supported on a large tower, which can be turned so that the fan can face any direction desired, and the power is conducted from this tower to the main part of the mill by wooden gearing. The mill represents a piece of master workmanship in its construction, as even though there were very few tools in those days with which to work, everything is cut and fitted as near to perfection as it can be.

AT THE GRAND.

The vaudeville and the motion pictures at the Grand last night were enjoyed by a large audience. The hypnotic feature, which has been advertised to appear, Manager Hunt has had canceled from the bill.

Joe Wade has returned to his home in Griggsville after a few days visit with friends in the city.

THOUSAND MEN IN SUNDAY SCHOOL

Climax of Contest Between White Hall and Roodhouse Churches Reached Sunday — Roodhouse Wins By 650.

With more than a thousand men in Sunday school at Roodhouse and 906 attending at White Hall, the great contest between the two schools, which has reached such vast proportions, was brought to a close Sunday, Roodhouse winning with a lead of 650. Never has anything in Greene county caused such widespread interest and so much excitement.

For the past three Sundays at Roodhouse the attendance has been near 500 and the women and the children have been compelled to give up their places in the church and repair to other Sunday schools in order to accommodate the vast assemblage of men. Sunday the church could not contain all who sought to have their names counted in the contest. The exact attendance was 1176. Among this number were people from a wide area of country, some coming in on the 4 o'clock train Sunday morning from Manchester and Winchester, while hundreds were gathered up from the country districts and conveyed to the church in automobiles. Men were there in their shirt sleeves and with overalls, mingling with the "select" of the city. The same tactics were resorted to and the same conditions existed at White Hall, where the attendance was 906.

The contest began March 1 between the Baptist church at Roodhouse and the Presbyterian church at White Hall. It is said that the minister at White Hall at a banquet inferred that it would be impossible to get the men of Roodhouse to attend Sunday school. Soon the Roodhouse men issued a challenge, which was accepted, and the fight was on. After the second Sunday the attendance began to grow rapidly at each session until on the last Sunday a thousand and more were present. On the last few Sundays naturally a number were present through curiosity from villages surrounding but the greater number were there through the personal solicitation of members of the class. The affair is to culminate in a banquet, which is to be provided by the men of the White Hall Sunday school, the losing side.

WON MEMBERSHIP CONTEST.

As a reward for securing the largest number of members in a contest between the classes in the primary department of Grace church, Mrs. E. D. Herald and her class of eleven girls were given a picnic party at Nichols park Monday afternoon. Some few weeks ago the classes of the primary department entered into a contest for membership, which closed Sunday, when it was announced that Mrs. E. D. Herald's class had secured the largest number of members. Mrs. James Breckon planned a very pleasant surprise for the winners and Monday afternoon she entertained the members of the class and their teacher, Mrs. E. D. Herald, at a party at Nichols park. Ice cream was served and numerous games were enjoyed during the afternoon, and the party proved a most delightful affair.

HELPED RETURN CITIZEN HOME.

A recent dispatch under a Des Moines, Ia., headline told of how Herman Hirschfeldt, a leper suspect, for several weeks isolated at Centerville, Ia., was secretly returned to his home in Bay City, Mich., via an automobile, notwithstanding the fact that the Michigan state board of health has refused Hirschfeldt, who was a member of the city council, admission to his former home. The fight was between the heads of the health departments of both states. Among those who helped to decoy him away was John Quigley, Marshal of Centerville, Iowa, a former resident of Jacksonville. He is a brother of Patrick Quigley who now resides here.

CONFERRED RANK OF KNIGHT.

Mallory Lodge, No. 30, K. of P., conferred the rank of knight upon Thomas Johnson Monday night, after which a luncheon and a smoker were enjoyed.

The annual spring tournament of the Nichols Park Gun club will be held June 5 and 6. This will also be the first shoot of the season held by the Central Illinois Trapshooters' league.

This league is composed of clubs in Jacksonville, Decatur, Peoria and Bloomington and Springfield and one shoot will be held at each city this season. As the shoot here will take place just two weeks before the Grand American Handicap, which is to be held in Springfield June 18, 19, 20, 21, it is expected that an unusually large crowd will be here, as it will give them a good chance to practice for the Springfield tournament.

The league events will consist of a program of 150 birds for each day and the Squirrel money-back system will be used. In order to get the benefit of this system the entrants will have to shoot the full program each day and if their prizes do not total the amount of their entrance fee, the balance will be returned to them, less two cents for each target. Aside from the league events the local club will have a program each day and in this shoot the Groves division will be used. One of the circles of the Grace church will furnish lunch at the shoot and during the tournament the Pacific hotel will be headquarters for the shooters.

HOMER WOOD INJURED

IN AUTOMOBILE ACCIDENT.

Homer Wood, son-in-law of Postmaster J. J. Reeve, recently was injured in an automobile accident which happened about twenty miles out of Los Angeles, as he and another man were returning from a trip into the country. As they were going down a hill in some manner the car turned turtle. The man with Mr. Wood was killed outright and it was miraculous that Mr. Wood escaped death. He received only severe bruises and by now has about recovered from his injuries.

WIFE'S HEALTH RESTORED

Husband Declared Lydia E. Pinkham's Vegetable Compound Would Restore Her Health, And It Did.

Ashland, Ky. — "Four years ago I seemed to have everything the matter with me. I had female and kidney trouble and was so bad off I could hardly rest day or night. I doctored with all the best doctors in town and took many kinds of medicine but nothing did any good until I tried your wonderful remedy, Lydia E. Pinkham's Vegetable Compound. My husband said it would restore my health and it has."

Mrs. MAY WYATT, Ashland, Ky.

There are probably hundreds of thousands of women in the United States who have been benefited by this famous old remedy, which was produced from roots and herbs over thirty years ago by a woman to relieve women's suffering.

NINETEEN MAYPOLE DANCES

Will be Given by the Public School Pupils Next Friday When Field Day is Observed.

This from the Peoria Star shows what other places are doing: On the evening of Friday 2,000 people assembled at Bradley park, witnessed a Maypole dance. On the afternoon of Friday next they will have an opportunity of witnessing nineteen Maypole dances, all of them being danced at the same time and in unison. This unique outdoor entertainment will be given as an exhibition of what has been attained in the workings of the public school system.

On each recurrent year the public schools have a field day. On each alternate year this field day is general and includes all the grades in all the grammar schools and they have a great gathering in Glen Oak park, which has become an especial local feature.

On the off years field day is confined to the seventh and eighth grades. This happens to be the off year and yet there will be 650 pupils participating in the exercises to be held on Friday of this week at Bradley park under the direction of Prof. Carl Graner, supervisor of physical culture in the public schools, and he has made elaborate arrangements for the observance of the day. All the schools will be closed for the entire day to give the pupils of the lower grades an opportunity of witnessing the prowess and the accomplishments of the pupils who will leave the schools this year.

At 8 o'clock on the morning of next Friday the boys will engage in their track and field sports and there will be 250 of them. All the boys in all the schools are expected to enter each event and they will consist of the 100-yard dash, running high jump, standing broad jump, climbing and basket ball throwing. These events will take up the time in the morning.

In the afternoon the exercises will be confined to the girls and there will be 400 in the lists. They will be dressed in white with the exception of their aprons and caps. In those features of their costume they will be allowed to follow the colors of their respective schools, and they will come on the field dressed accordingly. There will be a grand procession to the music of an orchestra of ten pieces and there will be folk dances and at last a Maypole dance in which nineteen schools will participate. This will be the great feature of field day and all the parents of the pupils and those interested in the public school system are invited to see what their boys and girls can do.

THE FLOWERY KINGDOM.

Interesting Letter From Chas. M. Eames.

Tai En Chwang (On the Grand Canal), Shantung, China, April 23, 1912.

Editor Journal:

You and the readers of The Journal have heard a great deal of the famine in China but perhaps a letter from the center of activities written by an old Jacksonville boy would bring the conditions a little nearer home and make the facts seem a little more real.

The most famine conditions do not reach up as far north as my home city Tsining, so in response to a telegram I have come down to help here in this city on the Grand Canal. We have secured from the central famine commission \$5,000 and \$5,000 tael. With this we have bought a sort of dark red grain called "kao kang" and somewhat resembling a large millet, and also bean cake. The bean cake is made in big cart-wheels about 3 inches thick and weighing twenty pounds to the piece. It is made of ordinary beans after the oil has been squeezed out. In good years it is used for fertilizer, now it is gladly eaten for food. The plan this year is not to give out money gratis as we used to do but to provide some work beneficial to the district and pay the workmen in grain or the bean cake.

Here we are cutting a long ditch which will drain the heavy rains into a lake. These methods not only provide work and food for the hungry this year but by providing drainage will prevent floods with the resulting loss of crops and famine. We expect to give employment to 2,000 men until wheat harvest which is still five weeks off.

Before the work starts we have to give out a little so that the workmen can gain strength. Last week we made our first distribution to about 1,000 men. Each received a big bean cake. Of course this was not for his need alone but would be eaten by the whole family for each workman represents a household of five or more.

Another American and I have the work in charge here. We are living in a big temple but the gods have all retired to the upstairs of a back building, the lower floor by the way being occupied by coffins (empty and full).

I need not enlarge on the poverty here. It is not quite as bad as the region further south where they have started to eat human flesh but it is bad enough. Dead and dying are seen on the streets whenever we go out. The saddest sight is not the dead but the dogs smelling around but the old women and children dying. You think they are dead for flies are gathering on them but hearing you pass a leg or arm is moved and you know the end of their hard road has not yet been reached. In this class the homeless and the sick we can do nothing. Our great purpose is to prevent the once comfortable farmers from dropping down to this truly hopeless state.

We are working in a very interesting part of China and a district which possesses great natural resources.

This city on the canal is connected with the "country seat" by a railroad twenty miles long built entirely by Chinese capital and labor. Not only the road but even the cars are Chinese built. The main purpose of the railroad was to connect the canal with the large coal mines developed about thirty miles north of here. Last week with a party of touring Americans I visited these mines. Men escorted around by the head of the mines personally traveled in the private car of the head government official and returned on a special train, so you see the Chinese treat us well.

These soft coal mines are the largest in China, managed exclusively by Chinese. The vein of coal is thirty feet thick and reaches 100 miles. The shaft from the surface to the bottom of the mine is built of stone and concrete. The same management also deals in coke and is now planning to make pressed brick and Portland cement. What would especially interest Americans is that within ten miles of this abundant coal are mountains of iron. The ore can be picked up on the surface. A piece taken to Pittsburgh and examined by experts was found to contain iron of the finest quality and in far greater amount than most of the ore mined in America. Some day this region will be one of the greatest coal and iron centers of the world.

This is a long letter for me and I have no time to write of the disturbances both local and national that are tearing up and making over this empire. Even if I had time what could I write. Things are not settled yet by any means. Many in the north say the war has only begun. Real republics are not made in a day nor from people in almost bottomless ignorance and superstition. And yet there are really great leaders here and the younger generation who have had the benefit of schools have turned their back on the past and its darkness for ever.

It is indeed a privilege to be in China at this time. In the very air you breathe you feel that there is very life and regeneration such as the world has scarcely seen. Some day soon all China is going to make good and will abundantly pay back for the men and money lent in a time of need.

Very sincerely your friend,

Chas. M. Eames.

As "Ed" Howe Sees Life

Many people will submit to a nuisance for years without doing anything except to whine to those who are not to blame.

Most of us associate with people we "talk about."

When a school teacher gets out of the room for a few minutes, she puts a big girl in charge to "tell on" the children who misbehave.

Those who are actually in society are not as ridiculous as those people trying to get in.

The women believe it is a sin for a man to be idle.

It is easy for Society to shock people who are not in it.

You will blush to have it thrown up to you, but all of you have kin you do not like.

A woman has a superior way of saying: "I never gossip with my servants."

When a man begins saying: "Of course it is none of my business, but—" it is a sign he is going to make it his business, and become impudent.

About the only excitement on a farm is to say at the breakfast table: "The dog barked last night as though some one was prowling around the house."

WILL BE BROAD IN ITS SCOPE

National Conference of Charities and Corrections Will Result in Gatherings of Twelve or More Uplift Organizations.

The National Conference of Charities and Corrections, which will meet in Cleveland, June 12th to 19th, is fast becoming a conference of conferences. Already the program of the meeting to be held there embraces sub-programs of the meetings of twelve national bodies, all of which have to do with the betterment of conditions under which the people of the United States live or work.

The National Conference of Jewish Charities, which holds biennial sessions only, will meet this year just prior to the general conference.

The National Association of Public Relief Officials will meet on June 12. The National Federation of Beneficial Loan Associations will hold important meetings on June 13th and 14th.

The National Association for the Advancement of Colored People will hold a meeting on June 17.

The National Association of Societies for Organizing Charity meets on June 12, 13 and 14.

The Federated Boys' Clubs of America meet on June 11 and 12. The American National Red Cross will hold a meeting on Monday, June 17.

A great recreation congress, being the sixth annual meeting of the Playground and Recreation association, will be held June 5th to 8th.

Aside from these will be conventions or conferences of the Federation of Settlement Workers, the National Commission on the Church and Social Service of the Federal Council of Churches, the National Probation association, and the National Conference on the Education of Dependent, Truant, Backward and Delinquent Children.

As these thirteen groups contain practically all of the people of the United States interested or engaged in social service, it is expected that several thousand members and delegates will be in attendance there during the second and third weeks in June.

Mr. Crum was driving a harrow and when the team took fright, he went to their head. One of the animals knocked him down and stepped on his home and Dr. Claud Fortune was called. It may be that he has also suffered internal injuries.

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Tuna, the noted European skin specialist, declares that dandruff is the harbinger of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newborn's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundance.

Herpicide is now used by thousands of people and is satisfied that it is the most wonderful hair preparation on the market today.

"Heinie" Zimmerman continues leading the National league batting with a percentage of over .400.

"Big Ed" Reulbach of the Cubs was right yesterday for the first time this season, holding O'Day's Reds to 3 hits.

The Cardinals started another series with the Pirates yesterday by winning 6 to 3. Bresnahan's men seem to have Pittsburgh's "goat" so far this year.

Dodgers lost a tough game to the Giants yesterday, scoring 2 runs on 12 hits while New York scored 6 runs on 6 hits. You can't tell much about this game baseball, can you?

Eddie Collins played a great game yesterday—two doubles and two singles out of four times up, stole two bases, had seven fielding chances, accepting all of them without an error. That isn't so bad, is it?

Grain Letter.
Chicago, May 27.—Wheat—Crop news from Southwest and Nebraska is distinctly bullish. Local traders were free buyers, but found out-ferings from commission houses heavy on all the hard spots. There was no reason for doubt that the market would be in the Southwest is a thing of the past and that a moderate crop for Kansas is all that can be expected. This in connection with the certainty that soft winter wheat is almost a failure confirms the bulls further to the bull side of the general wheat market. There is a considerable scattered long interest in May wheat, but tired long interest in May wheat, but there will be any important developments in this district. Liquidating sales may bring about a sharp break, which will have its influence on later deliveries. July and September have been overbought and belated realizing sales continued to check all advances. Spring wheat news is excellent and some further sharp setbacks are promised. Nevertheless, we believe the wheat situation is sound and investments in July or September on soft spots should be profitable.

Corn—May congestion and wheat strength advanced futures. Crop reports and the weather in some sections are unfavorable, but most of the news is bullish. Country offerings continue small and receipts are insignificant. Farmers are too busy putting in a big area to market freely just now. After planting we look for a heavy movement and believe that July and September will be profitable. December is cheap relatively to sell and should be bought on soft spots. It will respond quickly to any unfavorable weather or crop news.

Oats—Much of the news is sensationally bullish. The crop is suffering from too much rain, recently followed by hot baking weather. Oats area is probably short. Seeding was much delayed and the crop as a whole had a poor start. West-ern news coming from reliable source indicates a poor outlook. Cash demand continues good and receipts are light. Although spot rates are far above futures, country offerings do not increase farm consumption, owing to hay scarcity has been unusually large. High price may be expected to rule until new oats are available. July will be an old crop this year certainly. At its present high discount September is too cheap and new oats would be heavily drawn upon to substitute for corn and other feed needs; their present level rule when new oats are being marketed. We firmly believe that conservative investments in July at the present level or on any setback will, if strongly protected, pay good profits.

Provision—Trade volume somewhat larger, with more interest shown by the outside. Hog receipts were larger than expected and the market showed an easier tone after its early strength. Packers as a whole held well through. Indications are that there is a short pig crop, due to cholera weakening brood sows. Hog price at yards and meat demand the main factors.
